To whom it may concern

Multicap and Mosaic have been working together over the past 12 months on a project that will deliver appropriate affordable and fully accessible housing for people living with disability.

Multicap is a Queensland based not for profit organisation that has been delivering services and support to people with disability, including those with high and complex needs since 1962.

We have found the whole Mosaic team to be fantastic to work with. They have listened to our needs, asked questions where they have not had the necessary clarity, offered the benefit of their experience and expertise, and been willing to challenge both themselves and us to deliver the aspirational outcomes of this important project. Together we are delivering a housing solution that is better than either Mosaic or Multicap initially imagined.

The Mosaic team continue to deliver on their commitment to Multicap, and in working on this project together we have experienced them putting their commitment to improving local communities into action.

Yours sincerely

Joanne Jessop

Chief Executive Officer
