★ OVER THE BONNET

MODEL SC2511

The idea of creating storage over your car bonnet isn't new...it's just that we perfected it back in 2004! Since then we have helped over eight thousand apartment dwellers turn the unused space in their car park into valuable storage.

MODEL SC2518

Our customers have been positively thrilled at being able to get the bikes, golf clubs, suit cases, winter clothes, surfboards and all manner of other household items out of the apartment and into the basement where they belong. Our taller models can store up to 5 bikes and are rated as a Class 1 Security bike storage facility (Australian Standard AS 2890.3-1993).

Our comprehensive range of sizes, matched with our product engineering, design and quality, has made us the market leader – to find out why visit

www.spacecommander.com.au or call **1800 006 090** to arrange for an obligation free measure of your car space!

MAJOR PROJECT INSTALLATIONS

Space Commander™ has completed many large installation projects for major Australian and New Zealand property developers and construction companies.

For a premium residential apartment complex in Sydney's east we supplied and installed 70 Over Bonnet storage units in the architect's specified colour of powder-coated matt black.

The result was fantastic – a very striking look in the car park, and optimal storage...

MODEL SC2511

MODEL SC2511

We have the expertise, experience and product range to add real value to your next apartment project, anywhere in Australia, and would be happy to prepare a customised proposal for you.

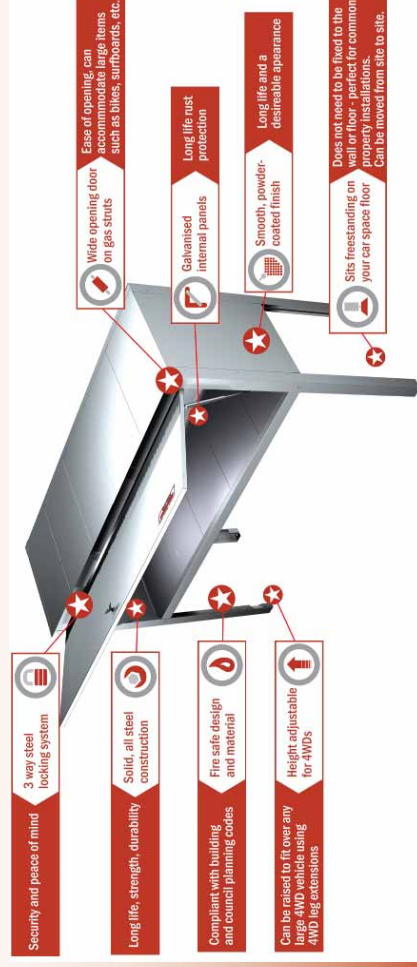

MODEL SC2588

SPACE COMMANDER | FEATURES & BENEFITS

THE DOUBLE DECKER

MODEL SC2518DD

The Space Commander™ Double Decker takes our Over Bonnet storage to the next (lower) level – adding up to 2.5 cubic metres of extra storage if you don't need to get the bonnet of your car underneath the storage unit. The addition of the storage cabinet below is perfect for longer car spaces, or shorter cars, and offers the practicality of an easily accessible storage cabinet for heavier or awkward items.

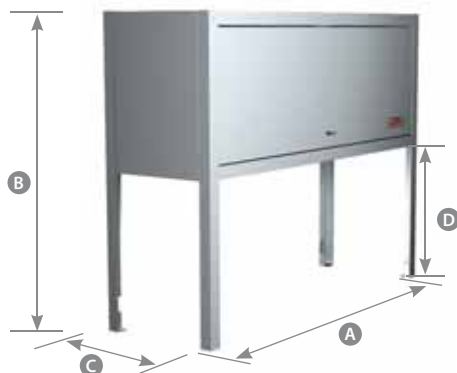

MODEL SC2511DD

Body Corporate approval for your car space is never a problem, and we can happily provide you with suitable documents to assist your formal application. Building and Strata Managers are big fans of our product range!

We do all the work – delivery to your home and on site installation by our team of experts. Our quoted price is inclusive of GST, delivery and installation.
